 **YORK**[®]

It's Time to Get Comfortable[™]

Why Choose a York® STELLAR® PLUS ECO² AIR CONDITIONER?

A NEW LEVEL OF INNOVATION.

Part of York's premium line, the Stellar® PLUS Eco², takes design and innovation to a new level. This proven, versatile system delivers outstanding style and comfort. And its compact size makes it the perfect fit for any type of installation.

SAVE MONEY, ENERGY, AND THE ENVIRONMENT

Using R410a, a "new generation" refrigerant, the Stellar PLUS Eco² has less impact on the earth's ozone layer. Offering better ecology *and* economy, the Stellar PLUS Eco² is more environmentally friendly and delivers an outstanding energy efficiency rating of 12 SEER. Match your high-efficiency Stellar PLUS Eco² unit with a variable-speed furnace or air handler and achieve even higher energy efficiencies and extended system life.

DURABLE DESIGN.

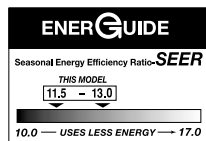

When it comes to long-lasting quality, the Stellar PLUS Eco² shines. Put through a grueling 750-hour salt-spray test, the tough powder coat finish of the Stellar PLUS Eco² prevents corrosion. Quality, copper-tube and aluminum-fin condenser coils provide rugged reliability. And, a high-pressure relief valve and temperature sensor work together to protect the compressor during extreme operating conditions.

QUIETER OPERATION.

Designed for whisper-quiet operation, the Stellar PLUS Eco² features the York Sound Silencer System™. A compressor blanket and high-quality compressor mounts also contribute to the very low sound level of the Stellar PLUS Eco².

FEATURE	BENEFIT
Plastic coil guard	Protects coil and enhances system appearance
Solid core filter drier	Extends life of compressor
Compressor mounts and blanket	Reduce sound levels
Rippled coil fins	Reduce operating costs
Environmentally sound R410a refrigerant	Meets long-term global standards
