 **YORK®**
It's Time to Get Comfortable™

Why Choose a York® STELLAR® 2000 EXTRA AIR CONDITIONER?

A NEW LEVEL OF INNOVATION.

Part of York's premium line, the Stellar® 2000 EXTRA, takes design and innovation to a new level. This proven, versatile system delivers outstanding style and comfort. And its compact size makes it the perfect fit for any type of installation.

SAVE MONEY AND ENERGY.

The Stellar 2000 EXTRA is the outdoor half of a home comfort system. Delivering ratings of 11 SEER, the Stellar 2000 EXTRA offers excellent performance while reducing your energy costs. Match your high-efficiency Stellar 2000 EXTRA unit with a variable-speed furnace or air handler (the inside unit) and achieve even higher energy efficiencies and extended system life.

BUILT FOR YEARS OF PERFORMANCE.

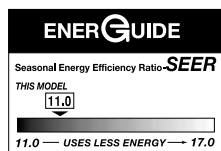

When it comes to long-lasting quality, the Stellar 2000 EXTRA shines. Put through a grueling 750-hour salt-spray test, the Stellar 2000 EXTRA's tough powder coat finish prevents corrosion. Quality, copper-tube and aluminum-fin condenser coils provide rugged reliability. And, a high-pressure relief valve and temperature sensor work together to protect the compressor during extreme operating conditions.

QUIET COMFORT.

Designed for whisper-quiet operation, the Stellar 2000 EXTRA features the York Sound Silencer System.™ A compressor blanket and high-quality compressor mounts also contribute to the very low sound level of the Stellar 2000 EXTRA.

FEATURE	BENEFIT
Plastic coil guard	Protects coil and enhances system appearance
Solid core filter drier	Extends life of compressor
Upward air flow and rigid top panel	Reduce sound levels
Rippled coil fins	Reduce operating costs
Copper tube and aluminum fin coil	Increase efficiency
